Terms and Conditions for „N26 Mastercard“ from N26 Bank SE for Private and Business Mastercard Debit Cards

(Version 1.8, Date: 08.06.2026)

1. Conclusion of Contract

On acceptance of the card application by N26 Bank SE (hereinafter referred to as "N26 Bank" or "Bank"), the applicant shall receive a personal Mastercard (hereinafter referred to as "Card") along with the PIN (personal identification number) that is only known to the applicant. The Bank may refuse to give the necessary approval; one reason for refusal shall particularly be non-payment of the amount loaded in accordance with Section 5 below. The Card is issued in the name of the Cardholder, and the expiry date and a card number comprising at least 4 digits are printed on the front. In some circumstances the characters will not be embossed as on other debit cards. This decision shall be incumbent upon N26 Bank. On signing and/or using the Card, the Cardholder acknowledges the terms of business for using the Card. Each card issued remains the absolute property of N26 Bank. N26 Bank is under no obligation to accept an application for a card.

The Private- Mastercard-debit card and the Business- Mastercard-debit card are hereafter referred to as "Card(s)", provided that the terms and conditions are identical for both.

Sections 27 and 28 of these Terms and Conditions are supplementary terms for the Private- Mastercard-debit card DMC World and DMC World Elite.

Sections 29 of these Terms and Conditions are supplementary terms for the Business- Mastercard-debit card.

2. Dispatch/Delivery of the PIN and Card to the Cardholder /Use of the PIN

The Card will be issued as a physical or virtual card for storage on a telecommunications, digital or IT-Device (mobile device). These Terms and Conditions apply equally to both types of card, unless otherwise expressly agreed.

The Card shall be sent to the Cardholder by post. The Cardholder can then set the PIN after receiving and activating the card in the N26 App. Immediately after receiving the Card, the Cardholder must sign at the appointed place on the Card. The PIN may never be kept together with the Card. If the PIN is entered wrongly three times in succession the Card can no longer be used at automated telling machines (ATMs). In that case the Cardholder must contact N26 Bank.

3. Use

The Cardholder can use the Card in Germany and as a further service also abroad at merchants within the VISA and/or Mastercard Card Association (hereinafter referred to as „Merchants“). Depending on the technical possibilities available, the Cardholder is, as a further service, entitled to use the Card at VISA or Mastercard acceptance points respectively to obtain cash within the agreed limits and up to the Cardholder's total available credit balance from any ATM worldwide marked with the VISA or Mastercard logo respectively. Merchants, acceptance points, the banks and ATMs that are part of the cash withdrawal service can be recognised by the acceptance symbols shown on the VISA and Mastercard cards respectively. Photo ID must be presented for identification purposes upon request by the Merchants or banks authorized to pay out cash.

4. Additional Services

Supplementary services (Additional Services), such as e.g. insurance coverage and emergency services, about which N26 Bank shall provide separate information, can also be combined with the Cards. Said services shall be governed by the separate terms and conditions applicable thereto. N26 Bank reserves the right to alter said Additional Services exercising equitable discretion.

5. Loading/Spending Limit

In the course of making the application, the Cardholder is obliged to load the card account. The Card is reloadable, whereby it is (re-)loaded by paying amounts into the account linked to the Card. When N26 Bank receives the amount paid in, said amount shall be credited to the card account. Each amount loaded shall initially be allocated to the initial security deposit up to the agreed amount thereof and then to the balance available. Only amounts within the agreed limits can only be loaded. A loading charge in accordance with the price list is levied for loading the Card. Unless otherwise agreed, the Cardholder is not entitled to any interest in connection with his/her credit balance.

The Cardholder may make use of the Card if and to the extent that the available credit balance on the current account or Space linked to the Card is sufficient for payment of the goods / services purchased or amount of cash withdrawn plus the agreed charges. Within said parameters the advised daily cash limit shall apply to the cash withdrawal service. Any changes to the limits in force shall generally be agreed with the Cardholder separately. N26 Bank is also entitled to unilaterally change the limits in force for security reasons and to notify the Cardholder of any such changes.

By exception of the foregoing, and subject to availability within the App, a Cardholder who holds one or more current accounts subject to the Terms and Conditions for the N26 Current Account and/or one or more Spaces may activate an automatic fund transfer mechanism via the App. The Cardholder may activate or deactivate this mechanism at any time via the App. When this mechanism is activated, the Cardholder designates one or more current accounts and/or Spaces as reserve accounts via the App, according to a priority order freely determined by the Cardholder. When a transaction is initiated by the Card, and the balance of the current account or Space to which the Card is linked proves insufficient to cover the amount, a transfer is automatically triggered for the missing funds from the reserve account to the account or Space linked to the Card, prior to any processing of the Card transaction. The activation of this mechanism by the Cardholder constitutes express consent and prior permanent authorization to carry out the internal transfers between his accounts and/or Spaces necessary to execute Card transactions under the conditions described in this paragraph. Notwithstanding the foregoing, for certain internal transfers between accounts and/or Spaces, specific authorization from the Cardholder may be required in accordance with applicable laws and regulations or the specific characteristics of the account or

Space concerned. In such an event, the Card transaction triggering this mechanism may be refused if this authorization is not obtained in a timely manner.

6. Authorization/Irrevocability of Payment Orders

By using the Card the Cardholder approves (authorizes) the execution of a payment order. For this the Cardholder must either sign a pre-printed sales draft, onto which the card details have been transferred, or at ATMs and, to the extent necessary, at Merchants as well as at automated points of sales, enter the PIN or provide Merchants with the card details requested (e.g. on the internet, by telephone). In so doing any special authentication processes that may be offered by N26 Bank must be used. With transactions via the internet only the brand of card, the Cardholder's name, the card number, the period of validity and the verification number, may be given, but never the PIN.

After authorization the Cardholder can no longer revoke the payment order. If the PIN and/or a signature are additionally required for authorization, authorization is not completed until they have been entered/signed respectively. This authorisation also contains the express consent to the processing, transmission and storing of the Card Holder's personal data necessary for the execution of the payment order by the Bank..

7. Blocking of available funds

N26 Bank has the right to block available funds on the Account Holder's account within the spending limit in accordance with Section 5 if

- the payment transaction has been initiated by or through the payee and
- the cardholder has given consent to the exact amount of the funds to be blocked.

Notwithstanding any other statutory or contractual rights, N26 Bank shall release the funds blocked without undue delay after receipt of the information about the exact amount of the payment transaction and at the latest immediately after receipt of the payment order.

8. Declining Payment Orders/Blocking of the Card by N26 Bank

N26 Bank is entitled to decline a payment order if the Cardholder has not authorized it in accordance with the above Section, the Card's spending limit is not sufficient for the payment order - unless the missing funds are successfully covered and transferred via the automatic fund transfer mechanism described in Section 5 -, agreed or prescribed limits have not been complied with or the Card has been blocked. The Cardholder will be informed of this via the terminal at which the card is used.

N26 Bank is entitled to call in and block the Card if it has legitimate reasons for termination without notice, such action is justified by objective grounds in connection with the Card's security or if there is any suspicion of any unauthorized or fraudulent use of the Card or its details. N26 Bank is entitled to demand or arrange for the deletion of the virtual card for the same reasons. N26 Bank shall unblock the card or replace it by a new card once the reasons for blocking the card no longer exist. N26 Bank shall inform the Cardholder without undue delay that the Card has been blocked/unblocked.

9. Execution Period

The payment transaction is initiated by the payee. Once N26 Bank has received the payment order it shall ensure that the payment amount is received by the payee's payment service provider no later than at the time stated in the „List of Prices and Services“.

10. Payment Obligation

N26 Bank shall pay the accounts receivable from the Cardholder which accrue to Merchants due to use of the Card and which are immediately due. The Cardholder is in turn under an obligation to refund said accounts receivable to N26 Bank. The same applies when using the cash withdrawal service.

Even if the Cardholder does not comply with his/her spending limit, N26 Bank shall be entitled to demand reimbursement of the expenses incurred due to use of the Card.

11. The Cardholder's Duties

The Cardholder must sign the Card in the signature field immediately following receipt. The Cardholder is under an obligation to keep his/her Card and the card details safe. The Card is non-transferable and may not be entrusted to any third party - not even temporarily. The Card may particularly not be kept in an unattended vehicle, on premises or in places to which unauthorized third parties can gain access without any great effort, card details may not be transmitted via electronic data networks in unsecured/unencrypted form.

The PIN, of which only the Cardholder is informed, may not be disclosed to anyone, not even employees of N26 Bank. The Cardholder is under an obligation to keep the PIN absolutely secret. The PIN may not be kept together with the Card, noted on the Card or written down, nor may it be made possible for third parties to obtain the PIN through similar deliberate acts on the part of the Cardholder. If the account holder received a virtual Card the PIN must not be stored in the mobile terminal or any other communication device.

If the Cardholder nevertheless discovers any loss, theft or misappropriation of the Card or other unauthorized use of the Card or the mobile device with the virtual card, card details or PIN, the Cardholder must immediately report this to N26 Bank. You can find the relevant contact information in the N26 Support Center on our website. In addition, any loss or theft must immediately be reported to the local authorities responsible. If the card that has been reported lost is found again at some later date, then it must immediately be invalidated and returned to N26 Bank, and it may no longer be used.

For the replacement of a lost or stolen Card, misappropriation or other unauthorised use of the Card, the Bank shall levy the charge set out in the "List of Prices and Services" (Preis- und Leistungsverzeichnis) which shall be limited to the costs directly attributed to the replacement of the card. Sentence 1 shall not apply where the circumstances that have led to the replacement are imputable to the Bank or where the Bank is responsible for these circumstances.

The Card shall be blocked upon receipt of the notice.

12. The Account Holder's Liability for Unauthorized Transactions

12.1 The Account Holder's Liability up Until Receipt of the Card-Blocking Notice

(1) If an unauthorized card transaction is made due to the loss, theft, other disappearance or other misuse of the Card, the Cardholder shall be liable up to a maximum of EUR 50 for any loss caused up until receipt of the Card-Blocking Notice, regardless of whether the Card Holder is responsible for the loss, theft, other disappearance or other misuse.

(2) The Account Holder is not liable in accordance with Paragraph 1, if

- it was not possible for the Card Holder to notice the loss, theft, any other disappearance or any other misappropriation of Account Holder's Authentication Instrument prior to the unauthorised payment transaction or the mobile device with the virtual card, or

- the loss of the Authentication Instrument was caused by an employee, an agent, a subsidiary of a payment service provider or any other entity to which the payment service provider has outsourced its activities.

(3) If the Account Holder is not a consumer or if the Card is used in a country outside of Germany and of the European Economic Area, the Account Holder is liable for damages caused by unauthorised payment transactions beyond the liability limit of 50,00 EUR under Paragraphs 1 and 2 if the Card Holder has failed to fulfil the obligations under these Terms and Conditions in a negligent manner. If the Bank has contributed to the damages by breaching its obligations, the Bank shall be liable in accordance with the statutory principles of contributory negligence.

(4) The Cardholder must pay for the loss caused by any unauthorized use prior to the Card-Blocking Notice in full if the Cardholder has intentionally or grossly negligently breached his/her duties of care under these terms and conditions or has acted with fraudulent intent. It shall constitute a case of gross negligence especially if the Cardholder intentionally or negligently fails to report to the Bank any loss, theft or misappropriation of the Card with a Card-Blocking Notice without undue delay after becoming aware of it, has noted the PIN on the Card or has kept it together with the Card, he has stored the personal secret code of the virtual card in the mobile device or in another terminal or if the PIN has been disclosed to anyone else and the misuse was caused by this.

(5) Liability for damages which are caused within the period to which the spending limit applies, shall be limited to the agreed spending limit.

(6) The Account Holder is not liable for damages in accordance with Paragraph 1 and 4, if the Card Holder could not give the blocking notification because the Bank had not secured the possibility of receiving the card blocking notice.

(7) Paragraphs 2, 5 and 6 do not apply if the Card Holder has acted with fraudulent intent.

12.2 The Account Holder's Liability Following the Card-Blocking Notice

The Cardholder is not obliged to pay compensation for any loss that occurs due to the unauthorized use of the Card after the Card-Blocking Notice. Sentence 1 does not apply if the Cardholder acted with fraudulent intent. In that case the Cardholder shall be liable without limitation.

13. The Account Holder's Claims for Refund, Correction and Compensation

13.1 Refund in the event of Unauthorized Card Transactions

In the event of an unauthorized card transaction N26 Bank shall have no claim to a refund of its expenses. N26 Bank shall be under a duty to refund the Cardholder the full payment amount and, if the amount has been debited from the card account, to reinstate the card account balance to what it would have been without the debit due to the unauthorized payment transaction. This obligation shall be fulfilled at the latest at the end of the following business day according to our "List of Prices and Services" after the Bank noted or was notified of the unauthorised payment transaction. Where the Bank has reasonable grounds for suspecting fraud and communicates those grounds to the relevant national authority in writing, the Bank has to examine its obligations under Sentence 2 without undue delay and to fulfill them if the suspicion of fraud is not confirmed.

13.2 Claims in the Event of Non-Execution, Incorrect Execution or Late Execution of an Authorized Transaction

In the event that an authorized card transaction is not executed or is incorrectly executed the Accountholder can require N26 Bank to promptly refund the payment amount in full to the extent that the card transaction was not executed or was incorrectly executed. If the amount has been debited from the card account the card account balance must be reinstated to what it would have been without the debit due to the non-execution or incorrect execution of the payment transaction. In addition the Accountholder can demand that interest and fees be refunded to the extent said interest and fees have been debited from the card account in connection with any non-execution or incorrect execution of an authorized card transaction.

If an authorized card transaction has not been executed or has been incorrectly executed N26 Bank shall, upon request by the Cardholder, retrace the payment transaction and inform the Cardholder of the result.

If the payee's payment service provider receives the amount of a payment transaction only after the expiry of the execution period in accordance with Section 9 (delay), the payee can request his/her payment service provider to ensure that the credit value date for the payee's payment account is no later than the date the amount would have been value dated had the card transaction been correctly executed.

13.3 Claims for damages for breach of duty

Claims for damages due to breach of duty In the event of an unauthorised card transaction or in the event that an authorised card transaction is not executed, is incorrectly executed or executed late, the Cardholder can demand compensation from N26 Bank for any loss that is not already covered by Sections 13.1 and 13.2. This shall not apply if N26 Bank is not responsible for the breach of duty. N26 Bank shall thereby be responsible for any fault on the part of an intermediary as though it were its own fault unless the main cause lies with an intermediary designated by the Cardholder. N26 Bank's liability to pay compensation for a loss under this Section 13.3 is limited to EUR 12,500 per payment transaction; said limitation does not apply to intent or gross negligence by the Bank, loss of interest (if the Account holder is a consumer) or risks which N26 Bank has specifically assumed.

13.4 Preclusion Period

The Accountholder's claims against N26 Bank under Sections 13.1 to 13.3 are precluded if the Accountholder failed to notify N26 Bank of an unauthorized or incorrectly executed payment transaction within 13 months at the most following the date of the debit. The period shall only begin to run if N26 Bank has notified the cardholder of the debit entry resulting from the card transaction in accordance with the agreed method no later than one month following the debit entry; otherwise the date of notification shall be the relevant date for the commencement of the period. The Accountholder can assert claims under Sections 13.1 – 3 even after expiry of the above-mentioned period if the Accountholder was prevented from complying with the deadline through no fault of the Accountholder.

14. Right to a Refund in the Event of an Authorized Payment Transaction Initiated by or via the Payee

The Cardholder has a right against N26 Bank to a refund of a payment amount, which has been debited and is based on an authorized payment transaction initiated by the payee if

- the exact amount was not stated when authorized and

- the payment amount exceeds the amount, which the payer could have expected according to his past spending behaviour, the terms and conditions of this Card Agreement and the circumstances of the individual case; reasons associated with any currency conversion shall be disregarded if the agreed reference exchange rate was used as the basis. The Cardholder must demonstrate the circumstances from which he derives his demand for a refund. Any claim by the Cardholder to a refund under this Section shall be precluded if the Cardholder does not assert the claim against N26 Bank within eight weeks of the date when the amount concerned was debited.

15. Exclusion of Liability

Claims by the Cardholder under Sections 13 and 14 are precluded if the circumstances giving rise to a claim

- are due to an unusual and unforeseeable event, outside the control of N26 Bank, and the consequences thereof could not have been avoided even if all due care had been exercised, or
- were caused by N26 Bank due to a statutory obligation.

16. Settlement/Statement of Account

N26 Bank shall deduct every single transaction effected with the Card from the available loaded credit balance. N26 Bank shall provide the Cardholder with a statement of transactions with every transaction, but at least once per month; said statement shall always be stated in EUR. On acceptance of the card application, the Cardholder agrees to call up said statement of transactions electronically. In this case the Cardholder waives having the transaction statement sent by post. In order to call up the credit card statement electronically, the Cardholder needs a password; N26 Bank shall have a password sent to the Cardholder by post. The Cardholder must ensure that no other person discovers the password provided for the credit card information system. If it is suspected that a third person has discovered the password, then the Cardholder shall be obliged to immediately alter said password or to notify N26 Bank accordingly and to have access to the credit card information system blocked. If during registration the wrong password is entered several times in succession, then N26 Bank shall block access to the credit card information system. The Cardholder undertakes to take all appropriate measures available using the latest technology in order to protect his/her system from third-party interference. In addition, Acrobat Reader is also required for calling up credit card statements. The Cardholder must check at regular intervals whether credit card statements have been made available. If a statement has not been called up by the 20th calendar day following the date of the statement N26 Bank shall be entitled to send the Cardholder a statement by post and to charge for said statement. The Cardholder may at any time in writing and with a legally valid signature revoke calling up statements electronically. Once the letter of revocation has been received and processed, the statement of transactions shall in future be sent by post to the postal address last notified to N26 Bank. The postage costs are set out in the price list. N26 Bank reserves the right to switch to delivering the statement of transactions to the postal address last notified to N26 Bank of its own accord for good cause.

17. Use of Foreign Currency

Transactions in foreign currencies shall be converted into EUR using N26 Bank's exchange rate of the day. The settlement day for conversions shall be the day on which N26 Bank receives the debit note from the foreign credit institution. When using the card abroad, the Cardholder has to comply with the currency regulations issued by the Deutsche Bundesbank. In the case of transactions in foreign currencies, determination of the rate is set out in the price list. Any change in the reference rate mentioned in the conversion provision shall take effect immediately and without prior notice to the Cardholder. The reference rate derives from a source which is accessible to the public and which both parties can verify.

18. Charges

N26 Bank shall deduct the respective fees for issuing the Card and for providing its associated functions from the credit balance loaded on the Card in accordance with Section 5 above. The amount of said fees is set out in N26 Bank's price list as applicable from time to time. N26 Bank shall be entitled to deduct the agreed charges and fees together with the respective transaction amount directly from the Cardholder's credit balance. The Cardholder shall be notified separately (e.g. when making the application) about the type and amount of the costs and charges. The Cardholder shall be notified in accordance with the procedure provided in Section 16 above about the charges and fees charged in each individual case.

19. Complaints

The Cardholder is under a duty to inform N26 Bank immediately after discovering any unauthorized or incorrectly executed card transaction. Any complaints or grievances arising out of the contractual relationship between the Cardholder and the Merchant must be resolved with the Merchant directly; they do not affect the Cardholder's payment obligation. The Cardholder's claims under Section 14 shall remain unaffected thereby.

20. Cardholder's Change of Address

The Cardholder must immediately notify N26 Bank in writing of any change of address, or – if the statement of transactions is sent electronically – of any change in the Cardholder's e-mail address. If the Cardholder fails to make such notification, then any statements from N26 Bank shall be deemed to have been received by the Cardholder if they are sent to the postal address or – if the statement of transactions is sent electronically – to the email address last provided by the Cardholder.

21. Data Protection

The applicant consents to N26 Bank disclosing to the respective service provider any data required in order for Additional Services to be rendered; said service provider shall use said data only in accordance with the Datenschutzgesetz (German Data Protection Act) and in order to render the contractual services.

22. Changes to the Terms and Conditions of Business/Charges

The Cardholder shall be advised in text form of any change to these Terms and Conditions of Business, the expenses, costs, fees, charges and/or initial security deposit (together referred to as „Charges“) to be deducted prior to the proposed date of effectiveness. If the Cardholder has agreed some other method of communication with N26 Bank under the terms of the business relationship (e.g. eBanking) the changes can also be offered by said method of communication. The changes proposed shall only become effective upon the Cardholder's consent.

Changes in the charges for the payment services framework contract (giro contract) are determined by Section 12 Paragraph 5 of our General Business Conditions - Basic Rules Governing the Relationship Between the Customer and the Bank.

23. Term

The Card Agreement has been concluded for an indefinite term. The validity of the Card shall end upon the expiry of the month printed on the respective card, in each case in the year stipulated on the card. The Cardholder must destroy the Card after it has expired. The Cardholder hereby already instructs N26 Bank to issue a new Card before the Card's period of validity expires and to send said Card to the Cardholder's last notified address provided no valid notice to terminate the Agreement has been given. Upon delivery of the new

card, the N26 Bank shall be entitled to request deletion of the virtual card or to arrange for such deletion itself. If the entitlement to use the card ends before this time (for example also termination of the current account or the card agreement), the cardholder must destroy the card immediately or delete the virtual card.

24. Termination of the Agreement

The cardholder can terminate the Card Agreement at any time by returning the invalidated Card. The termination shall become effective upon receipt of the Card or, in the case of written notice of termination to N26 Bank, upon expiry of the Card's period of validity.

N26 Bank shall be entitled to terminate the Card Agreement at any time with two months' notice. N26 Bank shall be entitled to terminate with immediate effect for good cause. N26 Bank shall in any event be entitled to terminate the Card Agreement with immediate effect and/or to independently block the Card if the cardholder breaches material obligations and if fraudulent use occurs or there is a serious risk of fraudulent use. Any existing obligations of the cardholder remain unaffected by any termination. After the expiry of two weeks as of the coming into effect of the termination, i.e. receipt of the invalidated Card or, in the case of written termination, expiry of the Card's period of validity, N26 Bank shall close the Cardholder's account and refund any credit balance remaining for the cardholder to a German bank account to be designated by the cardholder. If the cardholder does not have a German bank account, the credit balance can be refunded as a postal order to a German address. In that case, as well as in the case of a refund abroad, N26 Bank shall be entitled to deduct the third-party charges incurred for the refund from the credit balance.

25. Place of Performance and Place of Jurisdiction

German law shall apply. The place of performance shall be the place where N26 Bank SE has its registered office (seat). In the case of agreements, which are not concluded with consumers ("Verbraucher") for the purposes of Section 13 German Civil Code (BGB), the Regional Court Munich I [Landgericht München I] is agreed to be the sole place of jurisdiction.

26. General Terms and Conditions

N26 Bank SE's General Terms and Conditions of Business shall additionally apply to the entire business relationship.

27. Additional Services for DMC World

Customers with a Private- Mastercard-debit card World (DMC World), recognisable by the inscription "World" on their Private- Mastercard-debit card, are entitled to the additional services of travel assistance and emergency cash advance (ECA). The scope of services is outlined in the following subsections. Customers without a DMC World card are not entitled to the listed services. The general terms and conditions for the N26 Bank SE premium account "N26 Go" and the general terms and conditions of insurance of AWP P&C S.A., Netherlands subsidiary, acting as Allianz Global Assistance Europe apply to the additional services of the DMC World offered to customers of N26 Go exclusively. The general terms and conditions for the N26 Bank SE premium account "N26 Go" and the general terms and conditions of insurance of AWP P&C S.A., Netherlands subsidiary, acting as Allianz Global Assistance Europe apply to the additional services of the DMC World Elite.

27.1 Travel Assistance

The holder of a DMC World card is entitled to request travel advice and to use support services before and during travel abroad. The cardholder may access these support services by telephone or via email.

Contact details Travel Assistance:

Telephone: +49 (0) 30 364 286 880

Email: support@n26.com

Opening hours: 08.00am – 08.00pm (GMT+2), Monday to Friday (excluding bank holidays)

Travel advice

Upon request, N26 will supply the Customer with basic information relevant to the destination country (e.g. entry requirements, vaccination requirements), prior to departure and during travel abroad. The requested information must be publicly available.

Support during travel

N26 endeavours to support the Customer in all matters specific to him or her. However, this service relates solely to emergencies, which urgently require access to certain publicly available information. These may include:

Lost or stolen baggage:

N26 will make all methods of communication available in order to retrieve lost or stolen baggage. This includes researching telephone numbers and contact details, and informing lost and found bureaus or the police.

Legal or medical emergencies:

In the event of legal or medical emergencies, N26 will support the Customer and supply information about useful contact partners. Depending on the Customer's request, telephone numbers and/or addresses of contact partners will be provided.

27.2 ATM Mugging with DMC World

Within the framework of an ATM Mugging Service, N26 will reimburse proven expenses for lost cash which was withdrawn at an ATM by the cardholder with a DMC World Card, provided the loss was as a result of robbery or armed robbery within a 500m radius from the ATM within a one-hour period of time following the withdrawal. This service relates exclusively to cash that was withdrawn using the DMC World Card.

In order to make use of this entitlement, the Customer must inform N26 Bank of the incident within 72 hours by telephone or via email:

Contact details ATM Mugging:

Telephone: +49 (0) 30 364 286 880

Email: support@n26.com

Opening hours: 08.00am – 08.00pm (GMT+2), Monday to Friday (excluding bank holidays)

The Customer must verify the robbery or armed robbery by supplying a copy or photograph of the original police report and the crime reference number. This report must have been issued within 48 hours following the incident. The copy or photograph of the original police report must be sent to the above email address.

28. Additional Services DMC World and DMC World Elite

Customers with a Debit- Mastercard World (DMC World) or a Debit- Mastercard World Elite (DMC World Elite), recognisable by the inscription "World" and "World Elite" on their Private- Mastercard-debit card, are entitled to the additional service of Emergency Cash Advance (ECA), for a fee as shown on the N26 price list.

In the event of the theft or loss of the DMC World or DMC World Elite, the Customer may contact either N26 or Mastercard by telephone, in order to request a cash payment of up to EUR 500,00 without the card at the nearest Western Union branch (or one of their partner banks).

In order to activate the payment, the Customer must contact N26 and provide personal details, answer security questions and provide information about his or her location. The Customer is responsible for ensuring the accuracy of this information. Depending on the Customer's location, N26 will recommend a suitable Western Union branch (or one of their partner banks) for the Customer to receive the cash. If the Customer agrees to this procedure, the transfer of the money will be activated.

The value of the cash payment will be debited directly from the Customer's account. The fee will be debited separately.

The ECA service can be requested by telephone.

Contact details Emergency Cash Advance (ECA):

Telephone: +49 (0) 30 364 286 880

Opening hours: 08.00am – 08.00pm (GMT+2), Monday to Friday (excluding bank holidays)

This service is provided in partnership with Mastercard Europe SA. After N26 has recorded the relevant information, Mastercard Europe SA is the contact partner for the Customer. As soon as the ECA Service has been requested with valid particulars, Mastercard Europe SA will contact the Customer and provide the necessary contact details.

29. Supplementary Terms and Conditions for Business-Mastercard-Debit Cards

The following supplementary terms and conditions apply to Business- Mastercard-debit cards. These serve the compliance with the provisions of Regulation (EU) 2015/751 (hereafter "MIF-VO"). Article 4 MIF-VO limits certain fees that N26 Bank can levy for transactions with Private- Mastercard-debit cards. Therefore, N26 Bank must verify that Business- Mastercard-debit cards are company cards within the meaning of MIF-VO, which means that these are not used for private purposes.

29.1 Use of Business- Mastercard-Debit Cards

An N26 Business- Mastercard-debit card may only be applied for and used by self-employed persons (e.g. freelancers and the self-employed). Use of the Business- Mastercard- debit card is permitted solely for business expenses. Payments made with the card will be debited directly from your N26 account, which, when used in conjunction with the N26 Business- Mastercard- debit card, must also be used predominantly for business purposes.

29.2 Cardholder's Obligation to Inform N26

The holder of a Business- Mastercard-debit card is required to inform N26 Bank immediately when one or more of the conditions for use of the Business- Mastercard-debit card listed in Section 29.1 is no longer fulfilled and/or when the cardholder intends to use his or her Business- Mastercard-debit card for private purposes.

29.3 Presumed Violations of the Conditions of use of a Business-Mastercard-Debit Card

In the event that there are reasonable grounds to presume that the conditions of use of a Business-Mastercard-debit card as per Section 29.1 are being violated, N26 Bank may request an explanation of the

underlying situation from the relevant cardholder. In this case, the cardholder is obliged to demonstrate credibly to N26 that he or she is complying with the conditions of use of a Business- Mastercard-debit card as per Section 29.1.

29.4. Conversion to a Private- Mastercard-Debit Card

In the event that: - the conditions of use of a Business- Mastercard-debit card as per Section 29.1 are not or no longer being fulfilled; and/or – the cardholder has notified N26 Bank that he or she intends to use a company Mastercard-debit card for private purposes, N26 Bank can offer to convert the Business- Mastercard-debit card into an equivalent Private- Mastercard-debit card. N26 Bank may freely decide whether or not to offer the cardholder the conversion of the Business- Mastercard-debit card into a Private- Mastercard-debit card. The cardholder is not automatically entitled to a conversion or an offer of conversion.

29.5 Blocking of a Business- Mastercard-Debit Card

N26 Bank may block a Business- Mastercard-debit card when it is certain that the cardholder is not fulfilling the conditions of use of a Business- Mastercard-debit card as per Section 29.1. This also applies when there are reasonable grounds to presume the conditions are not being fulfilled and the cardholder has, despite a request from N26 Bank to clarify the situation, failed to provide an explanation within four weeks of the request, as per Section 29.3. N26 Bank will lift the block on the card, as soon as the reasons for the block are eliminated.

29.6 Termination Rights of N26 Bank

N26 Bank has the right to terminate the Card Agreement without notice for serious reasons as per Section 23, Paragraph 2, when the cardholder violates Section 29.1 and/or the cardholder has not eliminated to the satisfaction of N26 any reasonable grounds for blocking the card as per Section 29.5, Paragraph 2, within four weeks of being informed of these reasonable grounds.

29.7 Credit

N26 Business, N26 Business Smart and N26 Business Go cardholders are entitled to a credit of 0.1% of the total value of their card transactions on the Business- Mastercard-debit card. N26 Business Metal cardholders are entitled to a credit of 0.5% of the total value of their card transactions on the Business- Mastercard-debit card. Withdrawals at ATMs with the Business- Mastercard-debit card are excluded from the provision in sentence 1 and 2. The amount to be credited regarding the total value of his or her card transactions will be shown and credited once per quarter.
