1. "Instant account funding" is a service of N26 Bank SE ("N26 Bank") together with our partner Stripe Payments Europe Ltd. ("Stripe"), The One Building, 1 Grand Canal Street Lower, Dublin 2, Ireland, which enables you to instantly fund your account through the use of credit and/or debit cards, a digital wallet (e.g. Apple Pay, Google Pay), via iDEAL in the Netherlands and/or via Bancontact in Belgium. In addition to the one-time top-up Instant account funding enables you to fund your N26 Bank account recurrently. For this purpose personal data are transmitted to Stripe. You can find further information in our *Privacy Policy*.

Note: this feature does not affect the one-time top up with Stripe as stated in No. 7.9 of the *Terms and Conditions - "N26 Current Account"*.

2. The minimum and maximum top-up amount for each transaction, as well as the maximum allowed in each month are available directly in the App, on the internet Web App, on our website or in the N26 Support Center.
3. N26 Bank will conduct a fee for the service as stated in our *List of Prices and Services and Information Sheet - "Foglio Informativo"* for the N26 Current Account. The fee will be deducted directly from your N26 Bank account after the transaction has been processed. Your transaction can be rejected in case the verification has not been successful or due to regulatory reasons.
4. N26 Bank reserves the right to provide the Instant account funding feature only to eligible customers.
5. The Terms and Conditions of N26 Bank - "*N26 Current Account*"; "*N26 Go*"; "*N26 Metal*" as well as "*Basic Rules Governing the Relationship Between the Customer and the Bank*" shall also apply for any provision not expressly or tacitly derogated by these terms and conditions.
