

General Terms and Conditions "N26 for under 18s"

(Version 1.1, Date: 19.06.2026)

1. Subject of the contract / General

N26 Bank SE provides the customer with an additional Mastercard debit card that the customer may allow their designated minor child to use. The card enables the minor to make transactions on a specific Space of the customer's main account. The General Terms and Conditions for additional Mastercards apply, which form an explicit part of the N26 for Under 18s offer.

To this end, the customer opens a Space with an IBAN, to which the additional Mastercard debit card is linked. The customer remains at all times the owner and authorized party regarding the balance of the Space.

The General Terms and Conditions for Spaces with IBAN apply, which form an explicit part of the N26 for Under 18s offer. N26 Standard customers are entitled to open one N26 Under 18s Space. N26 Smart and N26 Go customers are entitled to open up to two N26 Under 18s Spaces, and N26 Metal customers are entitled to open up to five N26 Under 18s Spaces.

Prices as per the List of Prices and services apply.

2. Eligible persons

Any customer who, under their contractual agreement, is authorized to open a Space may assign such a Space to their minor child. N26 Bank SE provides the customer with a Mastercard debit card that the customer may hand over to this minor. The minor may use the card to make transactions within the Space assigned to them, within the scope of the service (see Section 4). This does **not** include use of the N26 app by the child. The customer is also **not permitted** to share their N26 app login credentials. The customer remains the sole contact person for N26.

The card may only be issued for a minor who, at the time of concluding the contract, is at least seven (7) years old and for whom the customer exercises (sole or joint) parental custody. Before the binding conclusion of the contract, the identity of the minor will be verified by N26 Bank SE. For this purpose, the customer must provide a digital copy of the minor's birth certificate.

3. Contract conclusion / Power of attorney

By handing over the card, the customer grants the minor a power of attorney to carry out transactions on the associated Space. The power of attorney authorizes only those transactions that correspond to the intended use of the card and fall within the scope of services in accordance with Section 4.

Upon conclusion of the contract, the customer confirms that they either exercise sole parental custody of the minor or, in the case of joint custody, have obtained the valid consent of the other custodian. Such consent also covers, where applicable, the exercise of the data subject rights set out in Chapter III of the GDPR on behalf of the minor by the customer, without the need for an additional consent or action by the other custodian.

The customer further confirms upon conclusion of the contract that the minor has already reached the age of seven (7).

The customer is the sole contractual partner of N26 Bank SE. The customer is the legal cardholder and is subject to all statutory and contractual obligations relating to the use of the card.

4. Scope of services

N26 Bank SE provides the customer with a Mastercard debit card linked to the IBAN Space assigned to the child. The card cannot be linked to any other Space.

The card is issued in the name of the minor and may only be used by them. Only this minor is authorized to make transactions on the linked Space of the main account using the Mastercard debit card. The minor does not receive access to the N26 app of the main account.

The card can only be used for transactions within the Space of the N26 main account that the customer has assigned to the minor. The card only permits transactions within the available balance. Overdrafts are not possible. Any overdraft e.g. due to offline presentments or delayed transactions will be automatically covered from the parent's main account

Spending limits, especially daily limits, can be set by the customer. The card is not eligible for participation in the digital wallet.

5. Customer obligations

The customer is subject to all statutory and contractual obligations relating to the use of the card. In particular, the customer is obliged to promptly report to N26 Bank SE any loss, theft, misuse, or other unauthorized use of the card, card data, or PIN.

The customer must instruct the minor on the proper use of the card and supervise its use accordingly. Any misuse of the card by the child will be attributed to the customer.

6. Indemnification

The customer shall indemnify N26 Bank against all third-party claims arising from the fact that the consent of the other parent is not obtained in accordance with clause 3, as well as against all claims arising in connection with the loss or improper use of the card by the minor.

7. Final provision

For all matters not regulated in these Terms and Conditions, the General Terms and Conditions "N26 Mastercard" for private and business Mastercard debit cards and the General Terms and Conditions of N26 Bank SE for the product "N26 Spaces" shall apply.

If the customer applies for conversion of their main account into a garnishment protection account, N26 reserves the right to close the "N26 under 18s" Space and transfer any balance to the main account. Should N26 be required to block the customer's main account for legal reasons, this will also apply to the "N26 under 18s" Space and the use of the card.

Power of Attorney:

Power of Attorney: Account Authorization from the Customer to the Minor for the "N26 for Under 18s" Product

1. Preamble

The Principal (Vollmachtgeber) is a customer of N26 Bank SE and has entered into a master payment services agreement with the bank regarding the provision of an additional Mastercard Debit card issued in the name of a specific minor, known as "N26 for Under 18s". Within this framework, the Customer intends to grant an account authorization to a minor for whom they hold parental responsibility, enabling the minor to initiate and authorize transactions on behalf of the Customer. For this purpose, the Customer grants the following account authorization to the minor.

2. Granting of the Account Authorization

The Customer grants the minor an account authorization within the meaning of Section 167 of the German Civil Code (BGB). This account authorization is subject to the condition precedent (Section 158 (1) BGB) that the identity verification of the minor by N26 Bank SE has been successfully completed.

This account authorization relates solely to the Space that the Customer has assigned to the minor.

3. Scope of the Account Authorization

3.1 Authority to Dispose

The minor is authorized to dispose of the balance of the Space assigned to them on behalf of the Customer. The authorization only permits disposals that are covered by the scope of services of the product (Clause 4).

3.2 Sub-authorizations

The minor is not entitled to grant sub-authorizations to third parties.

4. Revocation and Termination of the Account Authorization

The Principal may revoke the account authorization at any time. The granted account authorization expires upon the death of the Customer, but not before the Bank has actual knowledge of the Customer's death. To this extent, it is subject to a condition subsequent (Section 158 (2) BGB).

In the event that insolvency proceedings are opened against the assets of the Customer, the granted account authorization shall expire. To this extent, it is subject to a condition subsequent (Section 158 (2) BGB).
